

Hi <Manager's Name>,

I would like to attend [DynamicsCon LIVE](#), a community conference hosted by Dynamics User Group (DUG). This event will help me gain efficiencies and a deeper understanding of the products and tools we are currently using/may consider implementing down the road. DUG has a fun superhero conference theme, and put together the event details below to share with you:

September 14-16, 2022 in San Antonio, TX. The world has seen a resurgence of in-person learning events and the formidable team at DUG has sounded the call and asked for all the Dynamics 365, Dynamics GP, and Power Platform superheroes worldwide to join forces at [DynamicsCon LIVE](#) to engage in networking, educational sessions, and partner/ISV showcases.

\$500 Ticket includes access to over 50 sessions, breakfast, lunch, and 2 evening social receptions | \$219/night + room tax

This conference is 2.5 days of focused training and access to veteran superheroes in all areas of Dynamics 365 like: The Furious F&O Squad, The Behemoths of BC, The Power Alliance, The GP Defenders, and The Assemblage of CE Centurions. These titans of D365 will come to the rescue outside of the classroom to help answer questions and network one-on-one in every nook, cranny, or phone booth available for conversation.

Microsoft, along with its team of gold partners and ISVs will be on hand to forge new paths for all product users. These dedicated community members will help identify weak points and technological kryptonite while making D365, GP, and Power Platform a stronger and more resilient software for all user-kind!

Five hundred superheroes, convened in one place, spanning each of the five areas of D365, GP, and Power on hand to discuss how we can rid the business world of software villains. Each track will have 13 sessions brimming with relevant information. Strategize on how to attack MRP and scourge of Supply Chain. Imagine all of this in one location **saving our company countless hours of effort**. The cost to send one superhero is well worth the engagement with community.

Whether I fly, swim, take a road trip in the Dynamics Super-mobile, or ride solo on the Power Cycle, please consider allowing me to attend [DynamicsCon LIVE](#), the fate of our business may just depend on it!

Tickets are selling quickly, and I would like to secure my place before the event is sold out.

Thank you for your support and consideration.
