

<Manager's Name>,

I would like to attend [DynamicsCon LIVE](#), a community conference hosted by Dynamics User Group (DUG). This event will help me gain greater efficiency and a deeper understanding of the products and tools we are currently using/may consider implementing down the road. DUG combines valuable education with a fun and approachable theme that helps individuals like myself get the most out of the event. I know you will have questions about this event. Below are the event details for [DynamicsCon LIVE](#).

**May 13 - 16, 2024, in Denver, CO** – The DUG Team has once again sounded the call and asked for all the Dynamics 365, Dynamics GP, and Power Platform superheroes worldwide to join forces at [DynamicsCon LIVE](#) to engage in 1:1 help from product experts and Microsoft MVPs, networking, educational sessions, and Partner/ISV showcases.

**I'm able to get Early Bird pricing at \$1,000 if I order my ticket by October 31<sup>st</sup>. This ticket includes access to over 250 sessions, breakfast, lunch, and 2 evening social receptions.**

**Rooms are \$199 per night + room tax at the Denver Marriott Tech Center.**

This conference is 3 days of focused training and access to veteran product experts in all areas of Dynamics 365 like: Finance & Supply Chain, Business Central, Customer Engagement, and Dynamics GP. These experts of D365 will come to the rescue outside of the classroom to help answer questions and network one-on-one throughout the conference and beyond. There is even the potential for soft skills training this year.

Imagine all of this in one location, **saving our company countless hours of effort**. The cost to send one member of our team to join **over 1000 attendees** is well worth the engagement with community.

Please consider allowing me to attend [DynamicsCon LIVE](#) to show you just how much our company will benefit from it!

Tickets are selling quickly, and I would like to secure my place before the event is sold out.

Thank you for your support and consideration.
